The following post is about the latest release of Hindi movies. A benchmark in the evolution of Indian cinema, this monumental drama starring Amitabh Bachchan, Waheeda Rehman, and Jaya Bachchan is one of the most important Indian films ever made. This classic tale captures modern love against a backdrop of social change during the 1960s in India - through tumultuous times; through war; and through tumultuous times again. Taal (Punjabi for "Time") has it all: romance, tragedy, musical extravancenetwork!, tragedy... and the music! The central characters - two couples played by Amitabh Bachchan, Jaya Bachan, Waheeda Rehman, and Shashi Kapoor - confront the complex questions of modern love. Taal is a moving celebration of their passion for one another, their dreams for change in an old-fashioned world, and their commitment to the future.
